MEMORANDUM

TO: Ronald Brennan #1705723 4ND

FROM: Classification Supervisor Parker *Parker*

DATE: December 21, 2017

RE: Grievance Abuse and Restriction

This memo is regarding your ongoing abuse of the grievance system. It has been established that you are abusing the grievance system. It is apparent that you had made no efforts to solve the issues to which you seek redress. This is evident by:

- The volume of grievances you file.
- The repetitive nature of these grievances.

It is evident that you are intent on continuing this abuse of the system and that standard corrective and disciplinary measures will not be successful in stopping this abuse. Therefore effective immediately, your access to grievance forms will be limited to 3 per week. These forms will be issued to you by classification staff each Tuesday and will be your total allotment of grievance forms for the week. You will receive your first allotment of three grievance forms on December 26, 2017.

How Do I Obtain Other Benefits After My Release?

◆ To restart TANF

To restart a TANF benefit, you must resume your role as caretaker for an eligible child and meet other requirements, such as the income limits and work requirements.

You should find out what is required to file your application for TANF benefits while you are still in jail, even though your request cannot be approved until after you are released and again caring for a child. Beginning the application process for TANF while you are still in jail or prison may speed up restarting your benefit.

Often you can use the same application form to reapply for TANF, Medicaid and Food Stamps. Contact your local social services office to find out how to do this.

If you are convicted of a drug felony, you may find that you are no longer eligible for TANF. States can end your TANF benefits permanently in these circumstances and 24 states do so.³ Another 17⁴ have requirements you must meet before TANF benefits can be restored, such as successful completion of a drug or alcohol treatment program.

◆ To restart Food Stamps

You can re-apply for Food Stamps while you are in jail, but you will not be eligible for them until you have been released. If you

cash benefit.

Before the date you expect to be released you can ask to have your SSDI checks restarted. There is no pre-release procedure for SSDI as there is for SSI, but when jails or prisons have Pre-Release Agreements for SSI they can also use them to help SSDI recipients.

Your first step should be to ask the jail or prison staff whether there is such an agreement. If so, ask to apply for SSDI benefits through it. This will make it easier for you to get a decision from Social Security and to get your check soon after you are released.

If the jail or prison does not have a Pre-Release Agreement, ask the staff if they know how you can restart your SSDI checks. If they do not, you can check the information about SSDI on Social Security's website at www.ssa.gov/disability/.

On the day you are released, go to your local Social Security office with identification and a document from the jail stating that you have been released. Social Security will also need to know where you want the checks mailed.

◆ To restart Veterans Disability benefits

You are eligible to receive your VA compensation or pension benefits on the day you are released. However, the VA may decide to schedule you for a medical examination to see whether your disability has improved.

Visit or call your local VA office for help in restarting these benefits. Call 1-800-827-1000 to contact the regional office that handles your benefits. You need to provide a document to the VA stating that you have been released.

Before your release, you can ask jail or prison staff if they can assist you. They should be able to notify the Veterans Administration of your release. Benefits restart as soon as the

The cold weather is here in December, The Vents are Blowing cold Air all the time, And at night Some Officers Will open the Outside Rec Door and leave it open most the Night, Causing a wind tunnel of freezing cold air to circulate the entire floor.

The Deputy's sit in a office at the END of the Tier, Late night it is either loud music or watching movies on the computers at High Volumes. When asked to turn Down, They Refuse to acknowledge us. Deputy's Allen, Gross and Munson are the worst for these actions.

They MAKE comments like

① If you Dont like it, Dont come to Jail.

- ✓ your Social Security number and proof of age;
- ✓ the names, addresses and phone numbers of doctors, hospitals and clinics that have treated you and when;
- ✓ the names of your medications;
- ✓ a summary of where you worked and the kind of work you have done; and
- ✓ a copy of your most recent W-2 tax form.

Social Security will also ask health care providers for your medical records and lab or test results.

For SSI, you will also need to show Social Security that your income and resources are below SSI limits.

You can apply for SSDI benefits (but not SSI) online at www.ssa.gov/applyfordisability. For SSI you have to go through the local Social Security office, either using the pre-release procedure or by having someone you trust visit Social Security on your behalf. You can also apply for SSDI through the local Social Security office if you wish, using form SSA-3368.

◆ **Veterans Disability Benefits** — If you do not receive these benefits and did not receive them before your arrest, you can begin the application process while you are in jail or prison. You use VA form 21-526, Veteran's Application for Compensation and/or Pension.

You can also apply online using the Veterans On-Line Application (VONAPP), at <https://vabenefits.vba.va.gov/vonapp/>.

Medical Care

◆ **Medicaid** — You can apply for Medicaid while still in jail or prison. Ask jail or prison staff for information and application forms, or get them from your local social services office.

◆ **Food Stamps** — You cannot receive Food Stamps while you are in jail or prison.

When I Am Released, How Do I Get My Disability Benefits Back?

Your SSI or SSDI benefits can be restored after your release and you will receive payment for any day you were eligible. However, your check may be delayed, depending on when you apply for reinstatement and how long Social Security takes to decide your claim.

If you are on SSDI, or if you are on SSI and have been incarcerated less than a year, you can begin the paperwork to restart your checks while still in jail or prison.² If you do, you are more likely to get your check soon after you are released.

If your SSI benefits stopped for more than 12 consecutive months, Social Security has terminated them entirely. This means you have to start the application process over again.

◆ To restart SSI payments

You can apply to have your SSI check restarted before the date you expect to be released from the jail or prison. This is called the "pre-release procedure."

Your first step should be to ask the jail or prison staff whether there is a "Pre-Release Agreement" between the jail or prison and the Social Security Administration. If there is, ask

1 The office where you apply for Medicaid, Food Stamps or TANF may be listed in the phone book as the Department of Social Services or Human Services, or the Welfare Office. We refer to it here as the social services office.

2 Technically, you can restart your SSI checks as long as your SSI has not been suspended longer than 12 consecutive months. Depending on the date of your arrest this can be a little more than one year. However, it can never be 14 months or more.

I personally watched two Deputy's here at SCTJ. Deputy's HOPF and Nicholas, while sitting at the computer in G-1, go down the inmate roster, reading the Superforms, I personally saw my Superform up on the screen, and was able to read the name of my co-defendant, and my underage victim. Minutes later Deputy Nicholas got up and went directly to my cell, tore up cell G-132 and confiscated everything. I had receipts for all my stuff, locked me down, talked down to me, called me a liar and left me locked down for 3 hours. The next night he had then written me up and caused me another 3 hour lock down. All for a extra book in the cell, that had been left there by the person moving out 2 hours prior. And when I asked the officer on the 2nd day why, she came back at end of the night, after now having 6 hours of lock down, told me she had talked to Deputy Nicholas and I would be locked down the third night for 2 more hours for manipulation by asking why I was locked down that night. This is just an example of how the SCTJ Deputies allow their personal feelings to interfere with the job and does not allow for them to be professional. Now a couple nights a week Deputy Nicholas works Segregation as a relief. During breaks, he come to the cell door and makes comments about my being in the right place.

IN the Past Corrupt Dealings with BondsMAN and Jail Staff with Cash Kick backs. Call SueZett at 425-353-1888. I advised her of this civil Right Complaint.

Due to the Phone call it is another one of the Hidden issues that this Jail uses to keep me hidden in the Hole.

When I asked for The employee Numbers of The Defendants That Was Denied and Told to Public Disclose (See Attached Kite of Defendants)

I continue to ask for Basic Health Care and it is Refused daily. Even for Simple Problems.

MHP Merkel Came to my Door,
TALKING ABOUT Putting me on Suicide
Watch.

AFTER Proving to her that it WAS an
Appeal to my MAX Status I had the
Chance to address my other issues. No Answer
by mental health to kites or to Discuss
Mental Health issues.

She went on to EXPLAIN.

They Don't Come to the 4th Floor Segregation
to Do any mental Health Discussions or
help. People are Not here long enough
to get into a Personal Level and have
Effective Treatment.

AND there are No Place to meet up here
Except at the cell Door and that has No
Privacy.

I Suggested Cuffed up at Medical in
Exam Room. She Said Mental health
is Not allowed to meet in Medical. No
Authorization from Custody.

I EXPLAINED that is totally Bogus AS
Ideal Balance, Evergreen Manor Drug Eval
Places meet there all the time. And this
Jail is Equiped with 16 Private/Professional
Visit Rooms used By lawyers, Polygraphers,
Drug evals ect ect. She Said NO

To this.

mental health really has no function at this Jail except to Sign Papers Placing or Removing inmates from Suicide Watch.

This goes right along with the lack of Professional medical help. This Jail lacks in every Medical or mental health Department.

I explained to her that I am 6 months clean from Drugs but still hear voices and see shadow people. her Response was "So what Every Body here is a Drug addict" "What do you want us to do?"

This Woman told me she worked at the Department of Corrections SOU. Prior to working here.

She has no intentions of helping a person and is only at SCT to collect a pay check and to do nothing that falls under the title of MHP.

I can get not one helping MHP while in custody.

When I WAS booked into Snohomish County Jail ON JUNE 15, 2017

Deputy HOPF #6312 was the Deputy to MAKE first Contact With Me, To Remove the Handcuffs.

mill Creek UNiformed Transport officer told HOPF, "He is Being Booked for RAPE III."

HOPF looked At me and Said "Whats The matter BRENNAN, The First time through Twin River's Didn't Work".

Twin River's is the WASHINGTON State DEPARTMENT of Corrections Sex Offender Treatment Unit.

HOPF AND I had Problems in the Past, He was my Booking Deputy this Night, He Started my Process Shortly after 4 PM, AND Slow Walked me until 11:45 PM and Then Sent me to MAX Segregation ON 4SA.

These DEPUTY's Allow Their Personal feelings to get in the way of their Job as a Professional AND it Effects the way th treat US ON a Daily Basis.
